

RN-13 Organic Red

Blend red table wine **RN13** consists of several grape varieties - Cabernet Sauvignon, Syrah and Grenache grown on environmentally friendly vineyards in the Languedoc. Indicated on the bottle label "Vin de pique-nique", which translated from French means "wine for a picnic." Another advantage lies in its wine bottle - it opens and closes without a corkscrew, using a convenient plug.

The range of wines named after the road **RN13** (Route Nationale), which runs from Paris to Cherbourg, bred on the shores of the English Channel. Private winery Alain Kumona famous not international rating assessment, and environmentally friendly organic wine, which does not interrupt the taste of food and neatly complements it.
